

Connect Catering buys Hallmark Catering.

Connect is delighted to announce it has purchased Hallmark Catering. John Herring, Connect's MD, said "It's an exciting opportunity for us all, we are looking forward to welcoming the new staff and meeting our client's, in what will be an inspiring period for Connect".

Hallmark's Managing Director, Peter Slater has decided it is time to hang up his suit and take life a little more easy. Peter was looking for a company who would respect the catering teams and ensure his client's would receive a great service, and Connect fitted the bill.

Connect are thrilled to have these contracts on board and are looking forward to welcoming them. Connect, who hold Gold with Investors in People concentrate on providing a bespoke catering service with fresh food and training at the core.

John adds "Connect is a very exciting and proactive place to be, everyone is motivated and enthusiastic about this acquisition and would welcome any other opportunities."
